Catalog: #2576

Store at: -20°C

For Research Use Only. Not For Use In Diagnostic Procedures.

Applications	Detection	Clonality	Isotype
Functional Assay, ELISA	Anti-Rabbit IgG	Monoclonal	Human IgG1k

Format:	Unconjugated
Cross Reactivity:	NoA recombinant SARS-CoV-2 spike protein containing RBD.
Formulation:	1X PBS, 0.2% BSA
Preparation:	Protein A
Reactivity:	Human
Recommended Usage:	Experimental conditions may be optimized.
Immunogen:	A recombinant SARS-CoV-2 spike protein containing RBD.
